

Highlights

Insert Manuscript Title

First Author, Second Author

- Highlight 1: Replace with a contribution of at most 85 characters.
- Highlight 2: Replace with a second concise contribution.
- Highlight 3: Replace with a third concise contribution.

Insert Manuscript Title

First Author^{a,*}, Second Author^a

^a*Department / Institution, Street Address, City, Postal Code, Country*

Abstract

Replace this placeholder abstract with a concise summary of the problem, methodology, main results, and significance.

Keywords: keyword one, keyword two, keyword three

2020 MSC: 65C20, 68W20

1. Introduction

State the problem, why it matters for simulation or computation, and the paper's core contribution. A sample citation is included here so the bibliography compiles cleanly [1].

2. Model and Methods

Define the model, assumptions, notation, and computational method here.

2.1. Example Equation

$$y = Ax + n. \tag{1}$$

3. Results

Summarize theoretical findings, simulations, and comparisons with prior work.

*Corresponding author

Email addresses: `first.author@example.com` (First Author),
`second.author@example.com` (Second Author)

4. Conclusion

Provide the main takeaways and, if relevant, future directions.

CRedit authorship contribution statement

Replace this section with the requested author contribution statements.

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Data availability

Replace this statement with the repository, access conditions, or an explicit reason if data are not publicly available.
